The Village retained the services of Dewberry Architects and Robinson Engineering to conduct a Village-wide ADA/Accessibility evaluation of public-rights-of-way, facilities, programs and services. In addition, the Romeoville Recreation Department Transition Plan was prepared by Accessibility Consultation and Training Services, Inc. The Village is seeking feedback about accessibility from members of the community, elected and appointed officials, business owners/operators and other interested parties.

Public participation is solicited without regard to race, color, religion, sex, age, national origin, disability, or family status. Anyone requiring special accommodations pursuant to the Americans with Disabilities Act of 1990 or persons that require translation services (free of charge) for the meeting should contact the Village ADA Specialist, Josh Potter at (815) 886-5024, or by email to jpotter@romeoville.org. Because providing a reasonable accommodation may require outside assistance, the Village asks that any request be made with as much notice as possible, preferably five (5) business days prior to the event, but no later than two (2) business days prior to the event.

If you're unable to attend and would like to provide comments, please contact the Village's ADA Specialist, or submit comments on the Village's website. Information about the ADA Transition Plan process may be obtained from the Village's ADA Specialist and from the Village website at romeoville.org/accessibility.
