## Water Billing Explanation

We have changed the format of our water bills! This new format will provide you with more information about your water bill and make it easier for you to read and understand.

There are many benefits to this format: clearer explanation of your bill, larger type, and a pre-addressed envelope to make mailing your payment as convenient as possible.

To make your payment, detach the bottom portion of the bill and return it with your payment in the pre-addressed envelope provided. Your standard sized check and the bottom portion of the new bill will fit in the pre-addressed envelope without folding.

If you have any questions about your bill or the billing format, please call the Water Billing Dept. at (815) 886-7200 ext. 2.
