### Coffee With The Mayor Has Gone Mobile

Would you like to hear more about the development of Romeoville, right from the source? If that prospect piques your interest, then Coffee On the Go is the program for you. Mayor Noak hosts guided bus tours of the village and provides commentary and project updates throughout the community.

Whether you're extremely familiar with the nooks and crannies of the village or someone who hasn't explored much outside of the main roads, you're bound to learn something new on this tour.

"Coffee On the Go is a great opportunity to inform our citizens on current growth and development," said Mayor Noak. "It also gives me an opportunity to talk with residents while giving them a chance to actually see the projects that are underway. We wanted to keep the groups small so we had enough time to answer all questions."

The tour bus only seats twelve, so space is limited. If you'd like to grab a seat on the next Coffee On the Go excursion, click [here](#) to register.
