Romeoville Police Investigating Shooting

At approximately 6 pm, the Romeoville Police Department responded to a shooting in front of the Highpoint Friendship Center. One adult male suffering from multiple gunshot wounds was transported to Bolingbrook Hospital. The investigation leads investigators to believe this was a specific and targeted attack. It appears the victim taken to the hospital may have exchanged gunfire with two other armed males. The RPD is in communication with the Crest Hill police to determine if there is a nexus between the shootings. Anyone with information should contact the Romeoville Police at 815-886-7219.
