**7-Unit Shopping Center Proposed in Romeoville**

A concept plan that went before the Romeoville Village Board tonight details a 11,254 square foot retail building that would be constructed on the northwest corner of Weber Road and Renwick Road. There would be space for seven tenants with access to the building coming from the road that already connects McDonalds, Romeoville Toyota, and the Springs at Weber Road.

Additional details on this concept plan include 83 parking spots and a unit with a drive-thru and outdoor patio.

"This corner is one of the entrances to Romeoville and we're eager to get it built up with the next wave of businesses that serve our community," said Mayor Noak.

Following the board's approval and input, revisions will be made and be re-presented as a final concept. Assuming a standard timeline and smooth process, construction could begin in summer of this year.
