**Romeoville Fit 4 Life Fitness Center to Get New Equipment**

The Fit 4 Life Fitness Center will be getting a few improvements just in time for Spring. In addition to some room fixes, the fitness center will be getting 13 pieces of new equipment, including treadmills and ellipticals with 10" TV screens, upright and recumbent cycles with LED consoles, and a spinner cycle with an LCD display.

"Romeoville is a very active community," said Mayor John Noak. "These improvements are needed so that Fit 4 Life can remain an up to date and viable gym option for those who wish to exercise."

Fit 4 Life will do their best to minimize any disturbance to their operation and access to their fitness members during the installation of the upgrades. Things should be completed by May.
