**New Romeoville Contract with Waste Management Includes New Services**

The Romeoville Village Board has agreed to a five-year contract with Waste Management. While the majority of services will stay the same, there are some new additions.

- \$2.00 monthly discount for seniors and disabled veterans
- Weekly yard waste service extended to April 1 thru 2nd full week in December
- Two bulk items per week
- Up to three white goods (appliances like refrigerators, stoves, microwaves, water heaters, dishwashers, etc.) items per week
- Removal of up to four tires with no rims

“We want to ensure our residents are able to dispose of things easily and properly,” explained Mayor Noak. “Waste Management has been a tremendous partner and we look forward to working with them for another five years.”

Returning in the new contract is the popular At Your Door service, which allows residents to make an appointment for Waste Management to pickup potentially hazardous and hard to recycle items like household chemicals, electronics, batteries, paint products, automotive products, and more. To schedule your appointment, visit [wmatyourdoor.com/residential/](http://wmatyourdoor.com/residential/).

Spring Cleanup Week will be May 10-14. This means unlimited pickup of large items on your regularly scheduled pickup day. No construction materials will be taken and hazardous waste should be handled through the At Your Door program. Please be sure any additional items outside your toter are contained within plastic bags or containers.
