<input type="checkbox"/> Sue pitlvr17@gmail.com 108.93.202.233	I would love for more "green space instead of having all these industrial building going up. Animal control facility needs to be updated and an additional animal control officer is need during the evening hours and weekends. I would like to see more police officers in LWF during the evening hours when damage is being done to homes due to kids out after curfew. I feel like I am always going to Plainfield to shop and eat at all the restaurants.	2016/08/08 at 4:44 pm
<input type="checkbox"/> Carol Gugala cag233@comcast.net 24.15.128.41	We are looking forward to becoming Romeoville residents – something we would not have considered 20 years ago. The Village administration has done a great job in planning for the future, particularly in encouraging community involvement in the process. One thing of concern, however, is the truck traffic on Weber heading to and from the I-55 interchange. Improvements to that interchange were announced two years ago, but it seems the project has stalled. Is there a new projected completion date?	2016/08/08 at 12:14 am
<input type="checkbox"/> Ken Lemerman kennandsue@comcast.net 98.222.221.92	Living in Carillon on Weber for 11 years, I would sure like to see a Delta Sonic Kiss car wash be added along with all the other Companies moving to the Romeoville/Plainfield area. We had one in Downers Grove where we previously lived and they do a great job washing your car. I think a lot of us seniors along with many others would appreciate the job they do, especially offering a free wash if it rains within 3 days of your car being washed. It looks to me as though there is still plenty of open space South of I-55 and I believe they would be a welcome addition.	2016/08/07 at 8:25 pm
<input type="checkbox"/> Bill Thompson billiz01@yahoo.com 108.226.222.130	Why isn't there a playground / Park in the Uptown area like the size of some in Lakewood Falls or Lake Strini ? I have lived here for over 35 years and the village has invested TIF funds elsewhere . Is our Police Force undermanned ? Two robberies at the 7/Eleven in two weeks near Dairy Queen ,and another at the 7Eleven at Weber and Normantown , where are the police ? More stringent monitoring of traffic speed on all our streets and obeying traffic Stop Signs . We have portable signs to inform public of any enforcement of Illinois Statutes , why not portable cameras to catch speeders or scofflaws . Whatever happened to civilian program the Village had to monitor and film traffic scofflaws ? How long do we have to wait till a child or adult is seriously injured ? A water park in the Rte . 53 or 135th street area on property the village owns ! A Major grocery store chain on the Rte 53 corridor , i.e. Buteras, Caputos, etc ,/ The one being built for Fat Ricky's is way too small , parking will be a problem on weekends . How about having these retailers increase Handicap Parking spaces , Walmart and Jewel are way under providing access for them . I try and avoid shopping there and go to Bolingbrook Walmart and Jewel . Stop Light at Alexander and Rte 53 so pedestrians can cross safely to go to the food venues on East side .	2016/08/06 at 6:03 pm

<input type="checkbox"/>	Kunal Thapar kunnu_thapar@yahoo.com 71.57.92.89	Kindly allow rental options even if it is on a case by case basis. Too many foreclosures and vacant homes due to NO-Rental Policy. Both the homes around me have been vacant for years collecting mold. Home values have dropped and HOA has lost lots of \$\$ due to this policy.	2016/08/06 at 4:36 pm
<input type="checkbox"/>	Paul Krawczyk americanoutlet.com x paulkrawczyk22@gmail.com 73.246.47.65	<p>I am an owner in a single family home in the subdivision behind where the Dominick's store was. I agree with previous homeowner about HOA! I hate it. I rather pay this amount in taxes and little bit extra on top then them. I invested over 100K in big pation and huge brick driveway next to my home and losts of pine trees which make the area more greener and at the same time more valuable. HOA management took me to court because I can't park my boat on my driveway next to my home! I think my home is overvalued for the subdivision because of money and landscaping I putted in.</p> <p>Yes, more restaurants! There is small Polish grocery store behind BP gas station on Weber Rd. if some people didn't know it. Our streets in subdivision could get improved. We need new asphalt! Some homes should get penalties for parking cars on their grass and landscaping growing over their homes. It lowers values of our homes! I own cleaning service company and need good maids! Let's create some jobs. Is there anywhere I could advertise locally with my jobs offers for our local community for free? I recently opened online store http://www.americanoutlet.com http://www.americanoutlet.com and started building small warehouse here in Romeoville in our industrial complex. I will need lots of local employees in next 12 months. Free advertisement in our local Romeoville newsletter/paper would be encouraging for businesses from Romeoville to hire Romeoville people first! Who is with me?</p>	2016/08/06 at 3:29 pm
<input type="checkbox"/>	Melody Wick-Schaff mwickschaff@ameritech.net 107.211.174.238	We need more sit down restaurants in the area. I think having 4 McDonald's in this town is a little much, it's high time we think of family time, not "how quick can we feed our kids" time. Can't wait to see the grocery on Route 53, it's definitely time! And the building up of "Downtown Romeoville" is a great idea also, can't wait to see what other shops/businesses will be coming! Just please, no more McDonalds, and no more gas stations!!!! I think more things for the teenagers to do in town would be a nice addition also.	2016/08/06 at 3:09 pm
<input type="checkbox"/>	Audrey Lowry aglowry6@gmail.com 24.1.84.231	I would like to see more sit down restaurants on Weber Road.	2016/08/06 at 2:07 am
<input type="checkbox"/>	Grace Biondo grace.biondo@comcast.net 50.140.179.4	<p>How many more warehouses can we build in order to remove all the clean, clear air we breathe? Does no one care about the lungs of the Romeoville residents?</p> <p>Not only do we have to put up with the trucks hogging two lanes of a two lane road, but we haven't seen any decrease in our taxes. Will the village pay the medical bills of those who cannot afford to have their lungs taken care of by insurance?</p> <p>Another thing - Will we ever have a big supermarket in the route 53 area or do we have to continue to drive to Bolingbrook for the nearest one?</p>	2016/08/05 at 11:22 pm

<input type="checkbox"/>	laura mzmcnair1@yahoo.com 144.160.5.104	I have lived here since 2008 and have seen a lot of growth. With that being said please put something in place to enhance Weber Rd at interstate 55. The congestion is terrible and there has to something that can be done in that area. More restaurants on weber would be good too. Also I live in Creekside subdivision, when the lights go out it takes months for them to get fixed. I pay a lot of taxes and don't feel that the village should contract this out. Maybe give it to the association since we pay so much. Taking months to fix a light is ridiculous, safety is a concern and it doesn't matter to the contractor they don't live here.	2016/08/05 at 7:51 pm
<input type="checkbox"/>	Mary Fowler mary1812@sbcglobal.net 99.63.201.104	I did not know anything about the website till I got my water bill. We need to have more residents input instead of just the board about what we would like in the village. Can we do anything about the airport noise and number of flights daily. This is really noisy.	2016/08/05 at 7:00 pm
<input type="checkbox"/>	Syed Hassan zahrhasn@hotmail.com 75.63.62.78	In Romeoville we don't have any fruit market. No public transportation on Weber Rd. Train station they said coming but when? These are the some of the basic things to improve the quality of life.	2016/08/05 at 5:36 pm
<input type="checkbox"/>	Zachary mitchel zmitchel1981@yahoo.com 70.194.102.188	I moved to Romeoville from Orland Park eight years ago, because I loved the area and closeness to everything. But I have started to regret it, HOA'S are evil and hate the whole reasoning behind them(I own a single detached home, in lakewood falls phase 5). Restaurants on Weber would be great, there is only chili's (Big Box food shop) to sit down and eat. It would be nice to have more mom and pop, and big box restaurants to go to. Having a Waterpark like Bolingbrook or some of the other villages would also be nice. I could care less about making roads look pretty or more industry, I miss all the opportunity and facilities that Orland has and will have. But most of all I want my home back and not have HOA'S anymore!!!!!! I would gladly pay more in taxes to not have to ask my neighbor's if it's ok.	2016/08/02 at 2:28 pm

Share your vision for Romeoville! What is your idea or comment?

Comments as of October 25, 2016

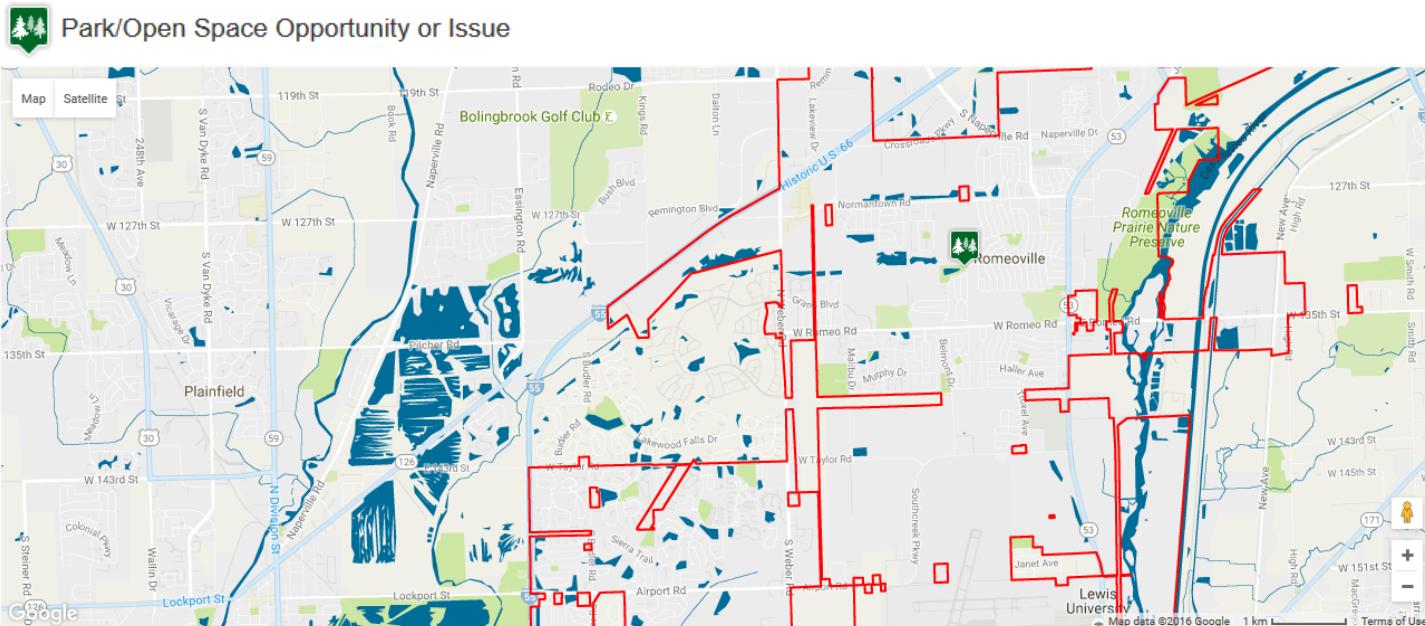

1. The residents in Grand Haven need a way to advertise the sale of their home on your web site. Why? 1. Visitors have trouble "dropping in" because we are a gated community. 2. We pay for the repair of our own roads, not the village, not the state. And we pay real estate tax like everyone else. So why doesn't the community of Romeoville return the favor and help us sell our homes?
2. What is happening with Weber Rd. and the expressway in regard to the construction that was supposed to start last year?
3. Attach red flashing lights on stop signs at School Crossing Guard locations. It's amazing how many people don't pay attention in school zones. Have an ordinance limiting the days scrap collectors can leave their trucks in the street or on driveways. It is an eye sore seeing these trucks filled with scrap metal on our streets. Lower the height limit as to when grass should be cut from 6" to 4" or 5". Most residents who let the grass get above 6" never bag the grass, leaving the cut grass on the sidewalks and curbs.
4. Just an idea, I'm not sure if this is possible but is there anyway to widen Weber Rd North and South heading towards I55. Traffic is brutal there. Thank you.
5. We need to be a transit oriented town. a couple of Pace bus routes should be added: one route or two to the new train station, starting around Airport and Budler for neighborhoods west of Weber, and the other for the neighborhoods east of Weber road. another bus route to run along Weber starting in Joliet or by Larkin and rt 30 and to run up to Naperville metra station. This route would serve metra, downtown Naperville, edward hospital, shopping area at Boughton and Weber. Also a possible western Romeoville stop for the Pace express service to Chicago.
6. Could the Pace bus that picks up at White Fence Farm, possibly have a bus pickup on Weber Road, (possibly where the old Dominicks Store lot is) for people that live on the west end of Romeoville? It's still close access to I-55.

7. Spend time and money improving the bus shelters in Romeoville. Bus riders should not have to suffer with poor shelters. Thank you. Here is a link to help you understand this issue.
<http://www.wbur.org/herinandnow/2016/08/29/bus-stops>
8. My idea is to designate more smaller green areas in the village particularly where residences live nearby, as a small oasis of beauty with a few benches, trees, flowers, etc. This would not only enhance our community but encourage socializing with neighbors and add to a small town feeling rather than having every lot occupied by a building. Romeoville is a busy place dominated by increasing traffic. We need these visual reminders that life here can also give us peaceful moments to enjoy nature nearby without having to drive to a park.
9. I really would like to see the the projected bike paths finished in Romoeville. I have been living here for 12 years and have not really seen an improvement in this area. I'm a cyclist and would like to utilize riding my bike to the local stores. I would like my elementary kids to be safe and tag along. Our subdivision only has a mile long bike path that is a dead end to a busy intersection. It would be nice if the paths would connect to one another.

The lake should have gates that can be closed at dusk as there are cars that park back there at night

Neighborhood Improvement or Issue

The planned road work between Normantown Rd and 135th St How much damage is anticipated for the wet lands Can you be more specific as to the location of the new Weber Road lanes and the land to be used for the I-55 interchange

There should be gates that close off the lakepark entrance at dusk as there are a lot of cars that park back there when they are not suppose to after it is dark

I wish something could be done about the number of vehicles per household because of the congestion it causes on the neighborhood streets There are times when the driving lane is reduced to one lane and we end up playing 'Robin Hood and Friar Tuck on a foot bridge' I would also like to see speed bumps installed on some of the streets prone to speeders

Response from Anonymous

Yes, I agree. Also there needs to be a strict control of cars in driveways blocking the sidewalks, not only does it block your view backing out of your driveway (especially if you live on a curve) but for the pedestrians that have to go into the road to go around.

The allowing of 18 wheelers on Weber road should be restricted The companies in the area should build roads to Governors hwy and rt 126 to access I-55 and to build the access roads to I-55 The towns in the area are allowing the warehouses to be built without building roads to handle the congestion I also don't think that our property taxes are being reduced with the building of new warehouses If Weber rd is restricted for semi's the flow of traffic will improve and the companies building the warehouses should be responsible for the roads that their trucks travel on I don't think the proposed revision to Weber rd will decrease the congestion on Weber rd

Retail Opportunity or Issue

Need a full service full size huge grocery store and not some small specialty boutique type so called grocery store that I'm sure will be way over priced

Industrial Development Opportunity or Issue

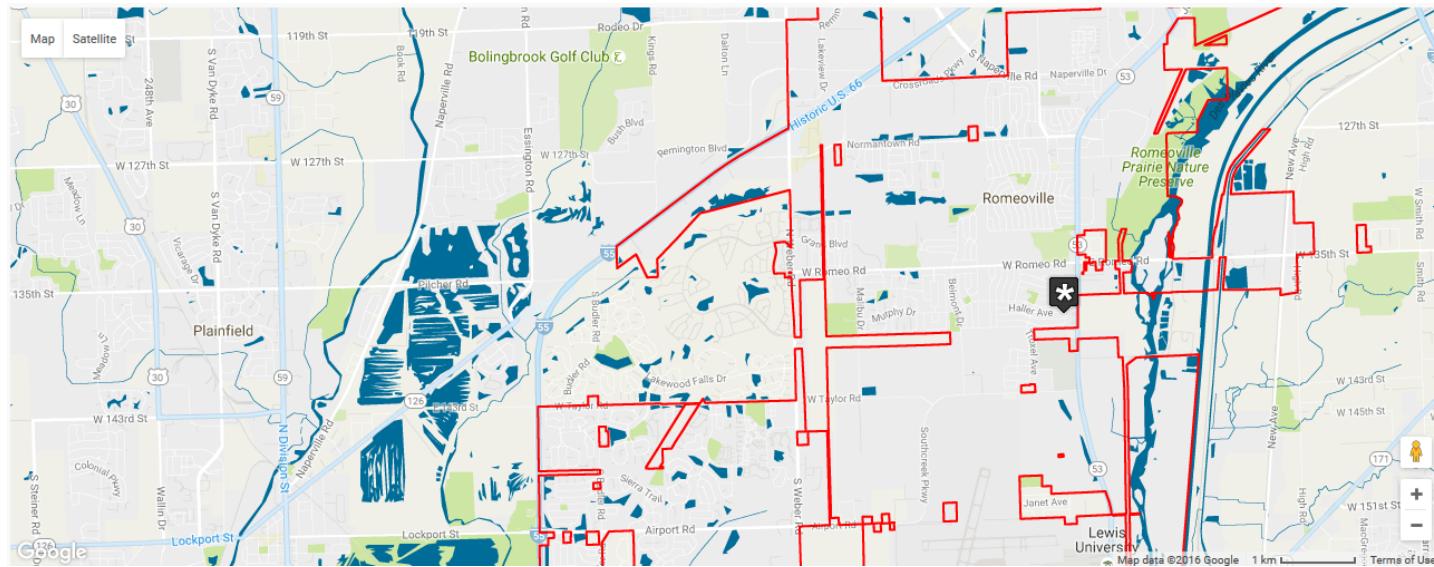

Anonymous

1 Votes 0 Votes

The traffic on Weber Road from trucks coming and going from the industrial areas is a disaster. The back up on Normantown and trucks turning on Airport Rd make living in this area a nightmare. Visitors are worried about driving with all the semis turning and taking up the turn lanes making it dangerous. Hate to see when all the area is filled with warehouses what Weber Rd will be like

Response from Anonymous

I agree with all of the above. I know people who won't move out here because of the truck traffic on Weber Rd. Widen Weber and give them a lane of their own! Very dangerous also.

Romeoville has several breakfast, lunch restaurants. We need more family dinner restaurants as well. No more fast food. Think healthy, fitness. Route 53 rather than just Weber. You're doing a great job; keep up the good work!
